Product Categories & Overview

K.S.G. Tools (Estd. 2009) is a leading industrial tool manufacturer based in Coimbatore, Tamil Nadu. We specialize in precision-engineered industrial cutting knives, replacement shredder blades, granulator blades, sheet metal press tool dies, and custom-designed shredding machines.

All blades are manufactured from premier alloy steels including AISI D2, HCHCr (D3), High Speed Steel (HSS), and EN-31, vacuum hardened and precision ground to 56–62 HRC for maximum wear resistance, edge retention, and impact toughness.

Chipper Knives — 9 Products	**Shredder Knives** — 10 Products
Tools And Dies — 37 Products	**Shredding Machine** — 12 Products
Grinder Blades — 3 Products	**Granulator Blades** — 3 Products
VMC Machine Job Work — 7 Products	**Chaff Cutter Blades** — 2 Products

Engineering & Manufacturing Capabilities

High-Grade Tool Steels

AISI D2, HCHCr D3, EN-31, and carbide-tipped alloys selected for extreme impact resistance and extended cutting lifespan.

Controlled Heat Treatment

Precision vacuum furnace hardening and multi-stage tempering achieving uniform 58–62 HRC hardness without surface brittleness.

VMC & CNC Machining

4-Axis VMC milling and precision CNC surface grinding ensuring ±0.01mm tolerance on mounting holes and cutting edges.

Dynamic Balancing

Individual and gang-balancing of multi-blade shredder assemblies to eliminate machine vibration and premature shaft bearing wear.

Custom Tool Sampling

Rapid reverse engineering, sample development, and custom profiling based on physical worn samples or CAD drawings.

All-India Road Dispatch

Carefully oiled, rust-proof wrapped, and wooden-pallet packed for safe transit via road transport from Coimbatore across India.

Chipper Knives

9 Items Listed

4 inch Stainless Steel Chipper Knife

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Size	4 Inch
Material	Stainless Steel
Brand	Own Brand
Hardness	58-60 HRC
Usage/Application	Wood Chipping & Industrial

Genuine 4 inch stainless steel chipper knives manufactured by K.S.G. Tools in Coimbatore with high-precision ground edges for industrial wood chipping and timber yards.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

2 Slot Wood Chipper Knives

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Material	Stainless Steel
Usage/Application	Industrial
Machine Type	Wood Working Machine
Number of Slots	2 Slots

Precision 2-slot wood chipper knives providing secure bolt clamping and vibration-free chipping of hard timber, bamboo, and saw mill logs.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Stainless Steel Chipper Knives

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Size (Length)	17 mm
Material	Stainless Steel
Usage/Application	Industrial
Corrosion Resistance	High

All-weather stainless steel chipper blades resisting sap acidity and corrosion. Delivers uniform wood chips with minimal sawdust generation.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

10 Inch Agriculture Chipper Knives

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Length	10 Inch
Material	Stainless Steel
Usage/Application	Industrial
Type	Chipper Knives

Heavy-duty 10-inch agricultural chipper blades designed for field shredders and tractor-driven chippers to process farm residues and woody brush.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

4 Inch Wood Chipper Knives

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Size	4 Inch
Application	Wood Cutting
Material	Stainless Steel
Usage/Application	Industrial

Compact 4-inch wood cutting chipper knives manufactured with 56-58 HRC hardness for consistent cutting performance.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

5 Inch Wood Chipper Knives

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Size	5 Inch
Material	Stainless Steel
Type	Chipper Blades
Color	Silver

High-grade 5-inch wood chipper cutting blades designed for high impact resistance in wood processing and sawmill operations.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Garden Shredder Chipper Knives

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Application	Wood Cutting
Material	Stainless Steel
Usage/Application	Industrial & Garden Shredders

Reversible garden shredder knives for pruning chippers and compost shredders. Tempered for shock resistance against tough twigs and roots.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Wood Chipper Knives

MOQ: 1 Piece | Direct Workshop

CHIPPER KNIVES

Material	Stainless Steel
Usage/Application	Industrial
Type	Chipper Knives

Heavy-duty industrial wood chipper knives built for uniform chipping and extended blade cutting cycles across all timber species.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

14 Inch Veneer Peeling Knife

MOQ: 1 Piece | Direct Workshop

VENEER PEELING KNIFE

Warranty	1 Year
Usage/Application	Industrial
Size	14 inch
Color	Silver
Grade	A
Type	Veneer Peeling Knife

KSG Tools is dealing in best quality of materials and product to getthe customers foe long term and based on the customer requirement everything is done.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Shredder Knives

10 Items Listed

10 Inch Double Shaft Shredder Knives

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Size (Diameter)	10 inch
Material	Stainless Steel
Usage/Application	Industrial
Machine Compatibility	Double Shaft Shredder

10-inch diameter multi-hook rotary shredder knives for double shaft industrial shredders handling plastic, metal scrap, tires, and drums.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Shredding Machine Knives & Blades

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Size	4 Inch
Shredding Capacity	1500 kg/hr
Material	Stainless Steel
Application	Heavy Industrial Shredding

Wear-resistant shredding machine knives and blades manufactured from vacuum heat-treated alloy steel for maximum throughput.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Shredder Blade Manufacturer, For Industrial

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Shredding Capacity	1-500 kg/hr
Usage/Application	Industrial
Automation Grade	Automatic

Custom industrial shredder blades manufactured in Coimbatore for plastic granulators, e-waste shredders, and solid waste processing.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Mild Steel Shredder Blade

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Shredding Capacity	500-1000 kg/hr
Usage/Application	Industrial
Brand	Own brand

Mild steel high-strength shredder blades built for heavy torque industrial shredding machines and recycling installations.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Shredder Knives, For Industrial

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Shredding Capacity	1-500 kg/hr
Usage/Application	Industrial
Automation Grade	Automatic

Heavy duty industrial shredder knives with precision ground teeth for efficient size reduction of polymers, textiles, and composite materials.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

8mm Agricultural Shredder Knives

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Usage/Application	Agricultural Machine
Material	Die Steel
Thickness	8 mm

8mm thick hardened die steel agricultural shredder knives for crop residue shredders, sugarcane trash choppers, and farm machinery.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

8 Inch Double Shaft Shredder Knives

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Usage/Application	Industrial
Shredding Machine Type	Double Shaft
Size	8 inch

8-inch multi-claw double shaft shredder blades delivering high tearing forces for municipal waste, plastic drums, and e-waste.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Chicken Cutting Shredder Knives

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Usage/Application	Chicken Cutting
Blade Material	Die Steel
Thickness	10 mm

10mm precision poultry and meat processing cutting knives with surgical-grade sharpness and corrosion-resistant finish.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Plastic Shredder Knives, For Garage/Workshop

MOQ: 1 Piece | Direct Workshop

SHREDDER KNIVES

Shredding Capacity	1-500 kg/hr
Brand	Own Brand
Automation Grade	Automatic

Workshop grade plastic shredder knives engineered for compact recycling machines, 3D print scrap shredders, and garage workshops.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Plastic Shredder Knives, For Garage/Workshop

Direct Workshop

SHREDDER KNIVES

Shredding Capacity	1-500 kg/hr
Usage/Application	Industrial
Brand	Own Brand
Automation Grade	Automatic

Dual shaft shredder machine blades used for shredding of any sort of organic and inorganic waste.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Tools And Dies

37 Items Listed

Press Tool Die Manufacturer

MOQ: 1 Piece | Direct Workshop

TOOLS AND DIES

Material	Aluminium / D2 Steel
Usage/Application	Industrial
Pattern Type	Engraved Precision Tooling

Custom engineered press tool dies for sheet metal stamping, punching, bending, and blanking. Manufactured using high-speed tool steel in Coimbatore.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Plastic Moulding Dies

MOQ: 1 Piece | Direct Workshop

TOOLS AND DIES

Moulding Material	PP
Material	P 20 Mold Steel
Shape	Rectangular

High precision plastic injection moulding dies with mirror polish cavity finish for automotive, electrical, and consumer goods manufacturing.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Indian Knives Wood Chipper Knives

MOQ: 1 Piece | Direct Workshop

TOOLS AND DIES

Size	5 Inch
Material	Stainless Steel
Brand	Own Brand

Heavy-duty 5-inch chipper knives manufactured to Indian industrial standards for high-capacity wood reduction.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Aluminium Pattern Works

MOQ: 1 Piece | Direct Workshop

TOOLS AND DIES

Usage/Application	Industrial Foundry
Material	Aluminium
Color	Silver

Custom CNC machined aluminium patterns and core boxes for sand casting foundries with accurate draft angles and shrinkage allowances.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Rubber Moulding

MOQ: 1 Piece | Direct Workshop

TOOLS AND DIES

Mould Height	100 mm
Mould Material	Stainless Steel
Material	Rubber Moulding

Compression and transfer rubber moulding dies for manufacturing O-rings, oil seals, automotive gaskets, and vibration dampeners.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Press And Die Casting Moulds

MOQ: 1 Piece | Direct Workshop

TOOLS AND DIES

Casting Material	Aluminium
Material	P 20 Mold Steel
Color	Silver

Precision pressure die casting and press tooling moulds engineered for high thermal conductivity and extended production life.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Die Sets

MOQ: 1 Piece | Direct Workshop

TOOLS AND DIES

Usage/Application	Sheet Metal & Press Work
Material	High Carbon Die Steel
Precision	High Accuracy Tolerance

Standard and custom pillar die sets with hardened guide pillars and bronze bushes for precision press tooling alignment.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Pattern Dies

MOQ: 1 Piece | Direct Workshop

MOULDING DIES

Die Type	Foundry Pattern Die
Material	Tool Steel & Aluminium
Application	Foundry Casting Patterns

Foundry pattern dies designed for high-repeatability casting moulds in automotive and pump manufacturing industries.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Cnc Turret Punch Press Tool

MOQ: 1 Piece | Direct Workshop

PRESS TOOLS

Die Type	CNC Turret Punch
Material	D2 / High Speed Tool Steel
Application	Punching & Blanking

Precision ground CNC turret punches and dies compatible with thick and thin turret machines for sheet metal fabrication.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Progressive Die Tools

MOQ: 1 Piece | Direct Workshop

PRESS TOOLS

Die Type	Progressive Stamping Die
Material	D2 High Carbon Steel
Application	High Volume Stamping

Multi-stage progressive stamping dies designed to blank, pierce, bend, and form complex sheet metal components in a single press cycle.

Direct Factory Supply · **Coimbatore Workshop** — Custom Sizes, Tolerances & Sampling Supported

Automotive Steel Die Pattern

MOQ: 1 Piece | Direct Workshop

PRESS TOOLS

Die Type	Automotive Forming Die
Material	Alloy Steel
Application	Automotive Component Pressing

Heavy-duty automotive steel dies manufactured with tight dimensional tolerances for chassis and body panel press work.

Direct Factory Supply · **Coimbatore Workshop** — Custom Sizes, Tolerances & Sampling Supported

Precision Moulds & Dies

MOQ: 1 Piece | Direct Workshop

PLASTIC MOULDING DIE

Mould Type	Precision Injection Mould
Material	P20 Tool Steel
Application	Plastic & Polymer Moulding

High precision moulds and dies crafted for optical, medical, and high-tolerance electronic polymer components.

Direct Factory Supply · **Coimbatore Workshop** — Custom Sizes, Tolerances & Sampling Supported

Automotive Dies

MOQ: 1 Piece | Direct Workshop

PLASTIC MOULDING DIE

Application	Automotive Pressing & Blanking
Material	Hardened Alloy Steel

Specialized automotive forming dies built to withstand high cycle fatigue in Tier-1 automotive parts production.

Direct Factory Supply · **Coimbatore Workshop** — Custom Sizes, Tolerances & Sampling Supported

Match Plate Pattern

Direct Workshop

ALUMINIUM PATTERN

Usage/Application	Industrial Manufacturing
Brand	K.S.G. Tools
Location	Coimbatore

Shredding Machine

12 Items Listed

Metal Shredder Machine

MOQ: 1 Piece | Direct Workshop

SHREDDER MACHINE

Capacity	5000 kg/hr
Shredding Capacity	500-1000 kg/hr
Shredding Machine Type	Single Shaft

High torque metal shredder machine designed to shred aluminium profiles, tin cans, light scrap, and turnings with low noise and high energy efficiency.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Mild Steel Shredder Cutter, For Industrial

MOQ: 1 Piece | Direct Workshop

SHREDDER MACHINE

Usage/Application	Industrial
Brand	Own Brand
Automation Grade	Automatic

Automatic mild steel industrial shredder cutters configured for continuous shredding operations in manufacturing plants.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Double Shaft Automatic Shredding Machine

MOQ: 1 Piece | Direct Workshop

SHREDDING MACHINE

Machine Type	Double Shaft Automatic Shredder
Motor Power	15 HP / 30 HP Dual Motors
Application	Industrial Waste, Rubber, Plastic & Wood

Heavy-duty double shaft automatic shredder with dual counter-rotating shafts for tearing bulky solid waste, drums, tires, and wood.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Agricultural Shredder Machine In Coimbatore

MOQ: 1 Piece | Direct Workshop

SHREDDING MACHINE

Application	Farm Waste, Coconut Fronds & Biomass
Capacity	1000-2000 kg/hr
Drive	Tractor PTO / Electric Motor

Field-tested agricultural shredder machine manufactured in Coimbatore for shredding coconut fronds, maize stalks, and cotton stalks into compost.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Mild Steel Coconut Husk Shredder Machine

MOQ: 1 Piece | Direct Workshop

SHREDDING MACHINE

Material	Mild Steel Heavy Body
Application	Coir & Coconut Husk Processing
Output	Coir Fibre and Husk Pith

Specialized coconut husk shredder machine breaking down green and dry coconut husks for coir fibre extraction and coir pith production.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Granulator Machine

MOQ: 1 Piece | Direct Workshop

GRANULATOR MACHINE

Type of Machine	Metal Granulator Machine
Type of Grinding Machine	CNC Grinding Machine
Grinding Material	Metal
Automation Grade	Automatic
I Deal In	New Only

KSG Tools is dealing in best quality of materials and product to getthe customers foe long term and based on the customer requirement everything is done.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Tyre Shredders

Direct Workshop

SHREDDER MACHINE

Number of Motors	2
Shredding Machine Type	Single Shaft
Automation Grade	Semi-Automatic
Condition	New
Country of Origin	Made in India

KSG Tools is dealing in best quality of materials and product to getthe customers foe long term and based on the customer requirement everything is done.

Grinder Blades

3 Items Listed

Shredder Machine Blade, For Industrial

MOQ: 1 Piece | Direct Workshop

GRINDER BLADES

Size	4 Inch
Shredding Capacity	2000 kg/hr
Material	Stainless Steel

High capacity 4-inch shredder machine blades capable of continuous processing up to 2000 kg/hr in industrial grinding setups.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Stainless Steel Grinder Blades

MOQ: 1 Piece | Direct Workshop

GRINDER BLADES

Size (Length)	8 inch
Usage	Metal Grinding
Material	Stainless Steel

8-inch stainless steel industrial grinder blades designed for rigorous metal grinding, recycling crushers, and abrasive material reduction.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Plastic Grinder Crusher Blade

MOQ: 1 Piece | Direct Workshop

GRINDER BLADES

Size (Length)	4 inch
Usage	Plastic Grinding
Material	Stainless Steel

4-inch plastic grinder crusher blades manufactured from high chromium alloy steel for pulverizing plastics, polymers, and PVC runners.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Granulator Blades

3 Items Listed

Plastic Recycling Granulator Blade

MOQ: 1 Piece | Direct Workshop

GRANULATOR BLADES

Size (Length)	5 inch
Usage	For Plastic Granules
Material	Stainless Steel

Precision 5-inch rotor and bed blades for plastic recycling granulators, converting rejected mouldings into uniform granules.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

5 Inch Plastic Granulator Blades

MOQ: 1 Piece | Direct Workshop

GRANULATOR BLADES

Size (Length)	5 inch
Material	Stainless Steel
Usage	For Plastic Granules

5-inch plastic granulator blades with precision ground cutting angles to minimize dust formation and power consumption.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

10 Inch Plastic Granulator Blades

MOQ: 1 Piece | Direct Workshop

GRANULATOR BLADES

Size (Length)	10 inch
Usage	For Plastic Granules
Material	Stainless Steel

10-inch heavy-duty granulator rotor and stator blades designed for centralized granulators handling bottles, lumps, and pipes.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

VMC Machine Job Work

7 Items Listed

Vmc Job Work With Material with 4 axis

MOQ: 1 Piece | Direct Workshop

VMC MACHINE JOB WORK

Material Selection	Aluminum
Country of Origin	Made in India
Axis	4-Axis VMC Machining Center

Comprehensive 4-axis VMC machining center job work including raw material procurement, CNC milling, precision boring, and tapping.

Direct Factory Supply · **Coimbatore Workshop** — Custom Sizes, Tolerances & Sampling Supported

Vmc Milling Machine Job Work

MOQ: 1 Hour | Direct Workshop

VMC MACHINE JOB WORK

Workpiece Material	Steel / Cast Iron / Aluminium
MADE IN	INDIA
Service Unit	Per Hour Machining

Hourly based precision VMC milling machine job work for tooling components, fixture plates, precision dies, and prototype parts.

Direct Factory Supply · **Coimbatore Workshop** — Custom Sizes, Tolerances & Sampling Supported

MOQ: 1 Piece Direct Workshop

VMC JOB WORK

Material	Titanium
Product Type	Moulds
Packaging Type	Box
Surface Treatment	Chromium
Country of Origin	Made in India

KSG Tools is dealing in best quality of materials and product to getthe customers foe long term and based on the customer requirement everything is done.

Direct Factory Supply · **Coimbatore Workshop** Custom Sizes, Tolerances & Sampling Supported

Chaff Cutter Blades

2 Items Listed

Steel Crusher Blade, For Industrial

MOQ: 1 Piece | Direct Workshop

CHAFF CUTTER BLADES

Size	4 Inch
Material	Stainless Steel
Machine Type	Metal Working Machine

Heavy-duty steel crusher and cutting blades for industrial shredding and agricultural fodder processing machines.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Rectangular Chaff Cutter Blade

MOQ: 1 Piece | Direct Workshop

CHAFF CUTTER BLADES

Size (Length)	15 mm
Material	Stainless Steel
Color	Silver

Precision rectangular chaff cutter blades crafted from high carbon steel for fast fodder chopping and silage preparation.

Direct Factory Supply · **Coimbatore Workshop**

Custom Sizes, Tolerances & Sampling Supported

Why Choose K.S.G. Tools?

- ✓ Experienced team of professionals
- ✓ Client-centric approach
- ✓ Direct manufacturer quote structure
- ✓ Timely delivery
- ✓ Qualitative range of product
- ✓ Direct factory supply without middlemen or trading markups
- ✓ In-house CNC milling, EDM wire-cut, and precision grinding
- ✓ Pan-India logistics with secure palletised packaging

Works & Business Credentials

- ✓ **Proprietor:** K. Ganapathy
- ✓ **Legal Status:** Proprietorship
- ✓ **GSTIN:** 33CEYPS0366D2Z6
- ✓ **GST Reg. Year:** 2017
- ✓ **Address:** Ksg Tools, Prozone Mall, 4th St, Sivanandhapuram, Sivanadha Puram, Saravanampatti, Coimbatore, Tamil Nadu 641035
- ✓ **Nature of Business:** Direct Manufacturer
- ✓ **Shipment:** By Road from Coimbatore across India
